

Flag Day, June 14th

The American Flag Foundation, Inc.

Vision is "to be the source for inspiring patriotism and encouraging honor for the American Flag."

Mission is "to create and distribute educational materials, and facilitate or conduct events in communities across the United States that inspire patriotism and encourage honor for the American Flag."

Purpose of The American Flag Foundation is to develop the resources and create the opportunities for all citizens, especially children, to learn the history of our nation, the symbolism of our Flag and their role in building the future.

Teachers are encouraged to adapt and supplement this information so it will meet the needs of all students at all instructional levels.

The American Flag Foundation has developed Education Resource Handbooks for teachers of 3rd, 4th and 5th grade students in Civics — history of MD and the Nation based on the Maryland State Department of Education Statewide Learning Outcomes in Social Studies; U.S. History, World History, Geography, Economics, Political Systems and People of the Nation and World.

The purpose of the Educational Resource Handbooks is to develop and enhance the students' knowledge and, through the study of people, their values and the events that led to the development of the United States Flag and its symbols, they will develop the understanding of their American Heritage and the need to continue strong leadership, citizenship and character.

If you have questions or suggestions, please feel free to contact The American Flag Foundation at 410-563-FLAG (3524); by e-mail to linda@americanflagfoundation.org ; fax 410-821-1252.
